

DECANT STATION

Owner:	City of Battle Ground
Contact:	Ryan Jeynes, Associate City Engineer, 360.342.5070
Completed:	2010
Project Costs:	Design Services – \$55,900 Construction Cost – \$243,635

Gray & Osborne designed a new 50-foot by 30-foot decant facility constructed of concrete foundation mat slab and walls with a moment steel frame roof system. In addition, the project included electrical work to provide lighting and power to the facility, site restoration and landscaping, and a water supply system to the facility.
