

# VACTOR WASTE DECANT FACILITY

**Owner:** City of Lacey  
**Contact:** Erick Mahugh, P.E., 360.456.7791  
**Completed:** 2016  
**Project Costs:** Design Services – \$56,600  
Construction Management Services – \$32,600  
Construction Cost – \$279,048

Gray & Osborne provided design and construction administration services to the City of Lacey to support the construct of a 2,600 square-foot decant station. The facility included a concrete pad, ecology block walls, fabric canopy, solids settling vault, associated sanitary sewer and water systems, storm infiltration system, and associated site work and restoration.
